## ONLINE ASSET MANAGEMENT SYSTEM (AMS) for Public Safety Agencies

Enforsys offers a **fully web-based online** Asset Management System (AMS) for public safety agencies to manage their agency assets. Now customers can login and manage all agency equipment and agency vehicles in one convenient platform.

And for customers who use the Enforsys PoliSys CAD/RMS system, the AMS can be integrated with the CAD/RMS system to enable updating personnel.

- Complete tasks with easy-to-use workflow screens
- Bulk import equipment, personnel and vehicles
- Seamlessly manage vehicle repair workflows and communicate with repair vendors
- Make use of robust Enforsys full reporting features
- Access the AMS from any device

To request a demo, contact [sales@enforsys.com](mailto:sales@enforsys.com) today or call 973-576-9000 and select "Sales".
